

## Meet the team

Kiara Sukdao  
Business Development Consultant

.....

### When did your interest in financial markets start?

My interest started in high school while studying economics which is when I realised the absolute complexity of financial markets.

### What did you study and why?

I studied a Bachelor of Business Science specialising in Finance because I wanted to gain a deeper knowledge of the investment industry.

### What do you think equips you to do this job properly?

My eye for detail ensures a high standard of output and my research capabilities allow me to navigate the various components of asset management.

### What do you love about investing?

I like the idea that investors seek to shape the world we live in through their investment decisions to allocate capital to entities or not.

### What do you find the most challenging part of your role to be?

No two tasks are the same, which means that they require different solutions and out of the box thinking to get to the best outcome.

### Why do you think clients will do well at Northstar?

We follow a sound investment strategy, investing in high quality companies that are reasonably priced, which provides long term value creation for our clients.

# NORTHSTAR

## CIS DISCLOSURES

Sanlam Collective Investments (RF) (Pty) Ltd is an approved Manager in terms of the Collective Investment Schemes Control Act, 2002. Collective investment schemes in securities are generally medium- to long-term investments. The value of participatory interests or the investment may go down as well as up. Past performance is not necessarily a guide to future performance. Sanlam Collective Investments (RF) (Pty) Ltd (the manager) does not provide any guarantee, either with respect to the capital or the return of a portfolio. The manager has the right to close certain portfolios to new investors, in order to manage it more efficiently, in accordance with its mandate. Collective investment schemes are traded at ruling prices and can engage in borrowing and scrip lending. The collective investment scheme may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. Annualised returns are period returns re-scaled to a period of one year. This allows investors to compare returns of different assets that they have owned for different lengths of time. Actual annual figures are available to the investor on request. Performance is based on NAV to NAV calculations with income reinvestments done on the ex-div date. Performance is calculated for the portfolio and the individual investor performance may differ as a result of initial fees, actual investment date, date of reinvestment and dividend withholding tax. Investment performance calculations are available for verification upon request by any person. Different classes of participatory interests apply to these portfolios and are subject to different fees and charges. Forward pricing is used. The portfolio valuation time is 08h00 for fund of funds and 15h00 for all other portfolios and the transaction cut-off time is 14h00. The transaction cut-off time should be 14h00, for portfolios except fund of funds, but execution is not always guaranteed. If execution could not take place on the same day, it will take place the next business day, or at the earliest possible opportunity. For fund of funds, the cut-off time for the execution of trades is 14h00 on the day preceding the pricing date. Foreign securities within portfolios may have additional material risks, depending on the specific risks affecting that country, such as: potential constraints on liquidity and the repatriation of funds; macroeconomic risks; political risks; foreign exchange risks; tax risks; settlement risks; and potential limitations on the availability of market information. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. Investors are reminded that an investment in a currency other than their own may expose them to a foreign exchange risk. The terms and conditions, a schedule of fees, charges and maximum commissions, performance fee frequently asked questions as well as the minimum disclosure document (MDD) and quarterly investor report (QIR) for each portfolio are available on Sanlam Collective Investments' website at [www.sanlaminvestments.com](http://www.sanlaminvestments.com). Associates of the manager may be invested within certain portfolios and the details thereof are available from the manager.

## THE FINANCIAL ADVISORY AND INTERMEDIARY SERVICES ACT, 2002

Northstar Asset Management Proprietary Limited is an authorised financial services provider in terms of the Financial Advisory and Intermediary Services Act 2002.
